

Karin Ratchinsky

I am running for a town trustee position with three commitments.

- Preserve and protect what makes Bow Mar so incredible, changes should incorporate the community and be based on facts/studies.
- Ensure public safety.
- Champion initiatives to enhance transparency. More exhaustive meeting notes and opening up meeting sections regarding town matters via zoom, are simple/easy ideas.

My academic background includes an MBA from Trinity College in Dublin. Having lived in 4 countries, played on national-level soccer teams, and spent the last 15 years leading go-to-market teams in the technology sector, I am a collaborative, pragmatic, action-oriented team player. Please consider me to support the Town of Bow Mar as a trustee.
